The investment case in plain terms

At \$1,150 per week gross against a \$1.45M purchase price, gross yield is approximately 4.1% versus Sydney inner-ring at approximately 2.5 to 2.7%. Vacancy at 0.6% means this property leases in days. Rental growth of 8.1% compounds the yield each year. Annual capital growth of 20.5% to July 2026 continues building the asset. Green-title double-garage 4-bedroom homes in well connected Perth inner-ring suburbs are precisely the profile that interstate investors are seeking through buyer's agents. Here you can buy directly with no agent commission on either side.

How to make an offer

Buying directly from the owner. No agent, no commission, no gatekeeper.

1 Inspect the property

Attend an open home or request a private inspection. Walk through at your own pace and ask us anything directly.

2 Get your finance in order

Speak to your bank or mortgage broker and have pre-approval in place before making a formal offer.

3 Engage a WA settlement agent or conveyancer

A licensed WA settlement agent prepares the offer and acceptance contract. Find one at aicwa.com.au. This is standard for all WA property transactions.

4 Submit your offer in writing

Your settlement agent will prepare a standard REIWA offer and acceptance contract. Email it directly to us. No gatekeeper, no delay and no third party managing the communication.

5 Negotiate directly with us

Owner to buyer, with no commission stake shaping the result. A typical WA agent commission is 2 to 3 per cent of the sale price. On a \$1.4M transaction that is \$28,000 to \$42,000. In a direct sale that cost does not exist on either side.
